Background:

In addition to being known as the Home of Uncle Sam, the City of Troy is proud to be the home of one of upstate New York's most exciting and attractive communities. Troy is an urban treasure! The City's rich history and eclectic energy has attracted people from across the nation and around the world. It offers the convenience and accessibility of urban living with a friendly, small town feel. The City's affordable properties draw new residents from all walks of life: urban pioneers who enjoy living and working in Troy's beautiful, historic buildings; college students who come for a world-class education and decide to stay, and business owners seeking a real sense of community.

In the past three years the City of Troy has seen escalating momentum and a dramatic rise in interest from business owners, entrepreneurs and development professionals who are eager to be a part of our resurgence

As successful as the last few years have been, the future holds even greater opportunity. More businesses have committed to the city, investments in Troy continue to climb and state-of-the-art renovations to our city's landmark buildings begin each and every day.

Overview:

The City of Troy is requesting sealed proposals from qualified individuals for the purpose of assisting the Mayor and his administration in preparing the Annual City of Troy Budget. The chosen candidate will work hand-in-hand with the Mayor and his staff in reviewing each revenue and expense line, and reporting areas with discrepancies and potential savings the City may realize.
