**NOTES**

(1)Equal to income from investments minus accrued annual arbitrage rebate liability, which is paid every five years from earnings in the debt service reserve fund that are transferred to the rebate fund.

(2)Includes certification amounts to pay operating expenses and debt service costs, less applied prior-year surplus funds. Beginning in 2012, the timing for receipt of certification was deferred from December to January to reduce the number of days before the funds are applied to pay debt service.

(3)Certification residuals are retained to pay debt service in subsequent years.
