## **When, where, and who**

Figure out your location, event timing and audience to prepare reaching out to folks!

## **Accepted items list**

Let attendees know if there is a limit on items, and what items are included. Accessories, shoes, jewelry? Or just clothing?

## **Plan for surplus items**

Plan ahead of time to ensure that items will be reused or recycled if reuse is not an option. Also consider how much capacity you have to haul leftover items!

## **Get the word out!**

Use social media like Facebook, Instagram and Meetup to reach your desired audience, or a centralized communications platform if your community has one!

## **Organize your space**

Use clear signage for item drop-off, sizing, and item categories. have volunteers to help unpack, sort, label and keep things organized.

## **Celebrate your success!**

Thank your participants for attending and bring any surplus items to a local donation center, recycling station, or save them for next time!
