

## **2019 Hydrant Flushing Program**

The City of Troy hydrant flushing program will be conducted Monday, May 6, 2019 through Tuesday, May 14, 2019.

Customers may experience temporary discoloration in their water and possible reduced water pressure during these flushing operations. They are also advised to avoid washing clothes when flushing is taking place in their area.

Water main and hydrant flushing will be completed during the regular working hours with the exception of the business district.

Please note that these dates may be subject to change as necessary.

For additional information, call 518-237-0241.
