I. Preliminary Audit Discussion

Chris Stephens of Wojeski & Co., CPAs spoke to the board members about the expectations and scope of services for the upcoming audit. He advised they will be performing the financial statement audit of the LDC, assist management with draft financial statements, assist management with the preparation of Form 990 and NYS CHAR 500. Mr. Stephens explained they do a test by sampling; they do not look at every transaction. He advised they do a risk assessment to identify which areas have the greatest risk. They plan the audit to address those risks. Mr. Stephens advised they will form an opinion on the financial statements; whether they have been fairly presented. He added that they also consider the internal controls of the organization as a basis for designing their audit procedures, but do not do an audit of the internal controls and we don't express an opinion on those. If they become aware of any issues, they will be communicated to the board. Mr. Stephens noted that management is responsible for the financial statements, design and implementation of internal controls, compliance and accuracy. Mr. Stephen advised if anyone has issues related to fraud or board activities that seem questionable and doesn't feel comfortable bringing them up here, they can contact us at Wojeski directly. He also spoke about updates coming from GASBY that may affect the board. Mr. Ross noted the PARIS report is due by March 31<sup>st</sup> and advised we would need the final audit information completed in time for that submission.
