

2021 Hydrant Flushing Program – City of Troy, NY

The City of Troy's annual hydrant flushing program will be conducted beginning Monday, May 3rd, through Tuesday, May 11th.

Customers may experience temporary discoloration in their water and possible reduced water pressure during these flushing operations. They are also advised to avoid washing clothes when flushing is taking place in their area.

Water main and hydrant flushing will be completed during the regular working hours with the exception of the business district.

Please note that these dates may be subject to change as necessary. For additional information, call the Department of Public Utilities at 518-237-0241.
